This Memorandum of Understanding (MOU) is executed on this 16th September, 2014 at New Delhi

BETWEEN

Indian Society for Technical Education (ISTE), New Delhi, India is a national, professional, non-profit making Society registered under the Societies Registration Act of 1860 with an objective to assist and contribute in the production and development of top quality professional engineers and technicians needed by the industries and other organisations and to promote career Development and Personality Development of Faculty and Students of Technical Education System.; hereinafter referred to as "ISTE" or "FIRST Party"

AND

The Institution of Engineers (India) is the pioneer BODY CORPORATE to introduce, starting from 1928, engineering education programme, successful completion of which is recognized as equivalent to a degree in engineering by the Government of India, the Union Public Service Commission, the State Governments and many Public / Private Sector organizations in the country. The Institution of Engineers (India), having the membership over 7.5 Lakhs with its headquarters in Kolkata, India, is governed by a National Council with the President as its Head, and operates through 104 State and Local Centres located at capital cities and towns of industrial and academic importance all over the country, and five Overseas Chapters. The Institution of Engineers (India) has 5 Foras and one Autonomous Organ.

ISTE and IEI are individually referred as **Party** and jointly referred as **Parties**.

NOW IN THE PREMISES OF MUTUAL PROMISES THE SUFFICIENCY WHEREOF IS HEREBY ADMITTED BY THE PARTIES THIS MOU WITNESSTH AS FOLLOWS:-

WHEREAS

The Indian Society for Technical Education (ISTE) has at present, 17 Sections at State Level, 1183 Chapters at Institutions Level with a membership of about 99008 and 1292 Student Chapters with a membership of about five Lakhs. The processes of teaching and learning, research, extension services and public relations constitute the wide spectrum of ISTE activities. ISTE has the following major objectives:

Signature of the IEI Representative

The major objectives of ISTE are :

- providing quality training programmes to teachers and administrators of technical institutions to update their knowledge and skills in their fields of activity.
- to assist and contribute in the production and development of top quality professional engineers and technicians needed by the industry and other organisations.
- providing guidance and training to students to develop better learning skills and personality.

Being the only national organisation of educators in the field of technical education, ISTE effectively contributes in various missions of the Union Government. The ISTE being a Strategic Partner of MHRD/AICTE, have undertaken a number of faculty development activities for the technical teachers from time to time. ISTE is having International Collaboration with World Federation of Associations of College and Polytechnics, International Association of Continuing Education Programme, Commonwealth of Learning, Global Engineering Deans Council and American Society for Engineering Education (ASEE), Washington D.C. USA

The Institution of Engineers (India) is the oldest and largest professional body to represent India in several International Bodies, such as, the World Federation of Engineering Organizations (WFEO), the Commonwealth Engineers' Council (CEC), the Federation Internationale du Beton (fib), the Federation of Engineering Institutions of South and Central Asia (FEISCA), Federation of Engineering Institutions of Asia and the Pacific (FEIAP) and the World Mining Congress (WMC). It also has bilateral agreements with a number of professional societies across the globe. The Institution of Engineers (India) functions with and amongst the professional engineers, academicians and research workers and provides a vast array of technical, professional and supporting services to the government and the industries along with the academic and engineering communities.

The services rendered by The Institution of Engineers (India) to its Members are primarily through a variety of technical activities and functions directly and /or through its Foras /Organ such as :

- Dissemination and updating of engineering and technological knowledge and diffusion among its members, the information on all matters affecting engineering, through Technical Activities, such as seminars, symposia, continuing education courses, workshops, paper meetings, conventions, conferences, etc at both national and international levels;
